

# Study Terms Glossary

*"You will seek me and find me when you seek me with all your heart." — Jeremiah 29:13*

| Term            | Definition                                                                       |
|-----------------|----------------------------------------------------------------------------------|
| Concordance     | A reference tool listing every place a word appears in Scripture.                |
| Lexicon         | A dictionary of biblical Greek or Hebrew words and their meanings.               |
| Cross-reference | A note pointing to a related verse elsewhere in Scripture.                       |
| Commentary      | A scholar's written explanation of a book or passage of the Bible.               |
| Hermeneutics    | The principles used to interpret Scripture accurately.                           |
| Exegesis        | Drawing meaning out of a text based on what it actually says.                    |
| Eisegesis       | Reading your own ideas into a text rather than drawing out its meaning.          |
| Interlinear     | A Bible showing the original Greek/Hebrew alongside a word-for-word translation. |
